- 15 – Open your feelings to feel any pessimism, disappointment, fear or resistance to the changing nature of your life; feel those feelings fully and freely for 30 seconds
- 6 - Feel love for yourself
- 0 - Feel a space opening up deep within, expanding into infinity;
- Feel Divine Energy filling that space;
- Feel Divine Energy filling the universe;
- 19 - Feel yourself, everyone else, and the universe as a whole as absolutely sacred, precious, invaluable
- 1 - Recall your gifts and talents, or think of those you most want to have
- 21 - Feel yourself at a superstar level in your demonstration or expression of those gifts and talents.

- 3 - Feel yourself in the flow of unlimited abundance (in all areas of life)
- 12 - Feel yourself surrendering to the Divine, turning everything over to the Perfection of the universe

### Sex (Tarot Key 8), Death (Tarot key 13), Cosmic Consciousness and Mastery (Tarot Key 21)

**13 + 8 = 21**

- **Cosmic Consciousness:** Direct Perception (seeing-feeling-knowing) of the Perfection of the Cosmic Process and its Oneness (see course: Living The Universal Principles For Having It All).
- This Perception awakens AFTER death, when the soul rises into a higher state of less density: passing through death (Key 13)

## Tarot Meditations – Session 18 – The Grand Finale’

- This does not have to be medical physical death, but it does change the body in an essential way, including sublimation of the sex drive (Key 8)
- It comes following “the death of the ego”, after all hope is lost regarding permanent, reliable gratification on the material plane and *proving* oneself
  - (this can follow the devastating “loss” of a loved one”, a profound sense of utter life-failure, etc.)
  - Death frees one from the tyranny of the sexual drive
  - Sublimates or raises the sexual drive into the higher, altruistic urge to create order and beauty.
    - That higher level of energy is called awakened Kundalini or Christos Energy, bringing great power and revelation with it
    - **IMPORTANT NOTE: DO NOT TRY TO RUSH THIS PROCESS BY REPRESSING YOUR SEXUAL DRIVE.**
      - Sublimation comes **naturally** AFTER death.
        - In the meantime, do your best to integrate love and awareness into your sexual experiences.
      - **IMPORTANT NOTE:** If Kundalini - Christos Energy – is released prematurely (due to an imbalance or manipulative practice) it leads to a psychotic break from reality
        - Because one is still centered in the false ego, consciously or unconsciously, and the delusions upon which egotism is based.
        - In other words, one is already lost in the illusion / delusion of thought; unable to distinguish between words, imagination and direct observation.
        - The increased energy of the aroused Kundalini intensifies all unbalances and confusion in the psyche – this is why purification comes first.
          - **An early sign of premature Kundalini arising:**
            - a confused mental state,
            - inability to communicate clearly, factually, precisely –
              - confuses orders of abstraction:
                - The word is not the thing –
                - The inference is not the description,
                - etc.
- **Tarot Key 8:**
  - the pure white female represents the purified psyche: purified of egotism and its delusions.
  - The lion is the sex-drive
  - Through psychic purification the energy rises naturally and one becomes a Conscious Peaceful Dweller in Eternity
  - The sex-drive is softened into the urge for creative altruistic service

## Tarot Meditations – Session 18 – The Grand Finale’

- the sex-drive transmutes into the creative urge to create *cosmically* (not just materialistically)
- higher spiritual faculties and abilities naturally awaken.
  - This includes spiritual orgasm: experiencing the heavenly nature of your existence
  - You experience higher spiritual agencies working on your behalf
  - Your energy-field becomes so sensitive that you can have “sexual intercourse” through harmonious *energy* mingling.

#### Words of The Fool:

*I am called “Fool”, as I disregard all limits. I step out alone, risking it all, leaving it all behind, in the embrace of the infinite possibilities of a new adventure.*

*I ask you, what are you holding onto? Why are you holding back? Why not live in the free spirit of confidence in the loving light of truth?*

*While I am called “Fool” by the timid, the tepid and the so-called “practical man”, the joy of an open heart is mine. Those who cling to the past, who cling to what they have, live in fearful trepidation of the infinite power of the infinite universe. And what do they get to keep? An illusion of safety and security, while I embrace the safety and security of TRUTH.*

*I carry the white rose of purified desire, as I desire only to live in my harmonious feeling state of love and trust and openness to total freedom. My body is regenerated by the spirit of vibrant youthfulness. I desire only to be free, and free I am*
